DIRECTIONS FOR USE

- Stock trough should be cleaned prior to treatment.
- Drop one tablet into the trough (suitable for 500L to 1000L).
- Add another tablet as required or at 6 weekly intervals.
- Stock can continue drinking the water during trough treatment.
- Do not use where animals are prone to copper and zinc toxicity.
- Do not use in metal troughs or fish ponds.

HAZARD

Toxic if swallowed. Causes skin irritation. Causes serious eye damage. May cause an allergic skin reaction. May cause damage to organs (kidneys, liver) through prolonged or repeated exposure via ingestion or inhalation. Very toxic to aquatic life with long lasting effects.

PREVENTION

Keep out of reach of children. Read safety data sheet before use. Do not breathe mist/spray. Wash hands, exposed skin thoroughly after handling. Do not eat, drink, or smoke when using this product. Contaminated work clothing should not be allowed out of the workplace. Avoid release to the environment. Wear protective gloves, protective clothing, and eye/face protection.

RESPONSE

IF SWALLOWED: Immediately call a POISON CENTRE or doctor. Specific treatment (refer to first aid instructions on this label). Rinse mouth. IF ON SKIN: Wash with plenty of soap and water. Take off contaminated clothing and wash before reuse. If skin irritation or rash occurs: Get medical advice/attention.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTRE or doctor. IF exposed or if you feel unwell: Call a POISON CENTRE or doctor. Collect spillage.

**24 HOUR EMERGENCY
